120 hour Advanced TEFL Course (Teaching English as a Foreign Language)

It is with great pleasure that we issue a reference letter for this recently qualified teaching English as a foreign language (TEFL) teacher.

Based on their grades, along with their great progress through course material, I'd rate this particular student's performance in our course as excellent.

The general objectives of this qualification require each student to be able to:

- Demonstrate a general understanding of, and familiarity with the world of teaching English as a foreign language, including terminology and methodology, the profession's qualifications, further training options and career opportunities.
- Demonstrate a good grasp and an understanding of the communicative approach to teaching English as a foreign language.
- Understand learner objectives and create appropriate lesson plans.

I am happy to confirm our graduate is suitably competent for a role in the TEFL field.

Yours faithfully,

Rachel Hammond
